## ABOUT OUR FOUNDER: HER STORY

### HI, I'M KIMBERLY!

Kimberly Holiday, founder of The PFaith House, is a dedicated advocate for single-mother households and women facing homelessness and trauma. Guided by the values of pfaith, pfreedom, and pforgiveness, Kimberly's vision has shaped The PFaith House into a safe place for healing, stability, and new beginnings.

Kimberly's journey began when she witnessed firsthand the struggles and untapped potential of those experiencing adversity. From her experiences, she made a commitment to support others through life's toughest challenges, and provide hope where it's needed most. Every milestone The PFaith House reaches, whether it's moving families into permanent housing, supporting survivors of trauma, or celebrating community partnerships, reflects her heart for service.

In addition to her work with The PFaith House, Kimberly also serves as Mayor Pro Tem on the Pflugerville City Council, Place 3, and partners with organizations such as The Black Men's Health Clinic, Upbring, and the Ending Community Homelessness Coalition (ECHO).

We are grateful for her vision and leadership, which continue to inspire us all as we grow and serve together.
